STRATEGIC REGIONAL PLAN

Achieving Excellence in Health and Social Services

CREE CULTURE & AUTONOMY

"Be an Eeyou-Eenou health and social service organization providing programs and services reflective of Cree culture and traditions."

Create an organization with Eeyou-Eenou culture at its core and exercise greater autonomy over the development and delivery of services and programs.
HEALTH & WELLBEING

"Work directly with individuals, families and communities to achieve Miyupimaatisiiun."

Foster partnerships and provide opportunities to empower individuals and communities to be proactive with their health and wellbeing journey.

ACCESS & QUALITY

"Provide consistent and equitable access to high quality holistic care for all Eeyou-Eenou, regardless of location."

Apply organizational values, innovation, best practices and quality standards to provide access to a full range of services and programs, both on and off-territory, for all Eeyou-Eenou.

NURTURE & GROW

"Be a responsive, adaptable and compassionate organization with strong foundations to meet current and future needs of Eeyou Istchee."

Develop people, organizational culture and the infrastructure needed to continuously grow and adapt to meet the evolving health and social services priorities of the communities.
