HELP US PREVENT THE SPREAD OF INFECTIONS

If you have any of the following symptoms, please inform a healthcare worker:

- Fever or chills
- Cough
- Difficulty breathing
- Sore throat
- Sudden lost of taste/smell
- Vomiting or diarrhea
- Congestion/runny nose
- Rash

Clean your hands with alcohol-based hand sanitizer when you arrive and leave.

Wear a mask if you have symptoms.

Cough or sneeze into a tissue or your elbow.
Don't touch your face.
